TECHNICAL SKILLS

Programming: Python, Java, SQL, JavaScript, C++, R, Bash, HTML, CSS

Development: Agile, Docker, Git, GitLab, JavaFX, Jira, jQuery, React, VS Code

Data & Analytics: Excel, Matplotlib, MySQL Workbench, Pandas, RStudio

Cloud & Platforms: AWS, Google Cloud, macOS, RHEL 8, Ubuntu, Windows

Cybersecurity: RMF, ATO, Continuous Monitoring, NIST SP 800-53, NIST SP 800-171A, CMMC Level 2, DoD STIGs

WORK EXPERIENCE

Programs Management Analytics & Technologies (PMAT)

San Diego, CA (Hybrid)

Information Systems Security Officer (ISSO)

Mar 2026 – Present

Organizational Information Security Management

- Supported Cybersecurity Maturity Model Certification (CMMC) Level 2 organizational compliance efforts.
- Developed organizational architecture diagrams documenting system relationships, boundaries, and data flows.
- Evaluated organizational cybersecurity policies for alignment with NIST SP 800-171A and CMMC Level 2.
- Collaborated with the Cyber Compliance Officer (CCO) to revise 14 organizational security policies.

Ship Self Defense System (SSDS) Program

- Assessed and monitored RMF security controls across the Ship Self Defense System (SSDS).
- Conducted 300+ RMF security control assessments across multiple review cycles to ensure DoD compliance.
- Identified, documented, and coordinated remediation of 20+ critical deficiencies to maintain security posture.
- Partnered with the ISSM to support continuous monitoring, POA&M management, and ATO activities.
- Drafted and maintained 20+ policies and procedures supporting NIST SP 800-53 compliance.

Software Engineer

May 2023 – Mar 2026

Ship Self Defense System (SSDS) Program

- Maintained and enhanced code for the Navy's Ship Self Defense System (SSDS) program.
- Collaborated with a development team to support testing, debugging, and system integration.
- Investigated, documented, and resolved 20+ complex software defects through analysis of trouble reports.
- Integrated 30+ complex code merges across multiple software baselines to support software releases.
- Participated in weekly Agile meetings to support sprint planning, progress tracking, and issue resolution.

EDUCATION

MS, Information Systems – San Diego State University

(Expected) 2026

Graduate Certificate in Data Science

2025

BS, Computer Science – Western Governors University

2024

BSBA, Information Systems – San Diego State University

2022

CERTIFICATIONS

Google Cloud Computing Foundations – Google Cloud

2025

CompTIA Security+ – CompTIA

2024

Linux Essentials Certificate – Linux Professional Institute

2024

PROJECTS

AWS Cloud Portfolio Website | AWS, IAM, Amazon Route 53, CloudTrail, Amazon S3, KMS, CloudFront

- Designed, developed, and deployed a personal website on AWS with DNS routing through Amazon Route 53.
- Configured IAM users and roles with least privilege access and enforced MFA for enhanced account security.
- Configured AWS CloudTrail to capture Amazon S3 activity and store encrypted audit logs in a dedicated S3 bucket.
- Implemented Amazon S3 versioning and lifecycle policies to support data recovery while minimizing storage costs.
